

INTERMURAL COLOUR CLUB

Online

An online journal club on
recent colour
publications.

*To join,
send us an email*

Open to participants from
different research groups
and institutions.

Christoph Witzel, cwitzel@daad-alumni.de

INTERMURAL COLOUR CLUB

DETAILS

PURPOSE

- train doctoral and postdoctoral students to give conference-like presentations;
- stay up-to-date with recent literature;
- work as a forum for students to socialise with the broader scientific community;
- and maybe, but not necessarily, to develop collaborations.

FORMAT

Presentations of articles should be in conference length (12min, max 15min) to:

- train PhD and postdoc students in giving conference presentations,
- to limit time and workload for both, preparation and meeting participation, and
- encourage questions and discussion about details.

Supplementary slides on details are welcome to answer questions and for further discussion.

HOW TO JOIN

Would you be interested in actively participating? If so, just write me an email.

Christoph Witzel, cwitzel@daad-alumni.de (or c.witzel@soton.ac.uk)
